Interactive Tutorial on Taking an Online Course
Are you taking an online course for the first time? View the interactive tutorial Taking Online Courses in D2L at https://slnapps.depaul.edu/tutorials/snlonlineOrientation/snlonlineOrientation.html

Accessing Your Online Course
Login to your course at https://d2l.depaul.edu/ using your Campus Connect username and password. You can find your Campus Connect login credentials in the admission letter that you received from SNL.

If you do not have your Campus Connect login credentials, please call DePaul's Technology Support Center (TSC) at 312-362-8765. The TSC will be able to assist you with your Campus Connect login credentials.

We recommend that you login to your course several days before it begins during preview week, so that you can be sure your username and password are correct.

Desire2Learn
D2L is DePaul’s learning management system. Course materials and assignments are grouped together by module; so, for example, everything you need for Module 1 will be within Module 1. Look for resources on how to use D2L in the Student Resources box on the home page of your course.

Use the Content tab and go step by step through the module contents, clicking on each reading and link. Your assignments (normally Discussion posts and work to upload to Dropboxes) are listed in order. Just start each module at the top and work your way through.
